## HEP-100 series

#### Features

- · Universal AC input / Full range (up to 305VAC)
- · Built-in active PFC function
- High efficiency up to 93%
- · Fanless design, cooling by free air convection
- \* -55~+70 $^\circ\!\mathbb{C}$  wide operating range
- · Aluminum case and filling with heat-conducted silicone
- · IP65 design, optional IP68 rated model available
- Meet 6KV surge immunity level
- · Withstand 10G vibration test
- Protections: Short circuit / Overload / Over voltage
   / Over temperature
- · Operating altitude up to 5000 meters (Note.9)
- 6 years warranty

#### Description

HEP-100 is a 100W industrial AC/DC power supply featuring the outstanding capability to operate under highly humid, dusty, oily, and high-vibration harsh environment. The entire series is housed with the aluminum case and fully potted with heat-conducted silicone. Thanks to state-of-the-art design, the working efficiency is up to 93%, enabling HEP-100 perfectly work between -55°C and +70°C under free air convection.

### Applications

- Outdoor telecommunication equipment
- Outdoor electronic signage and billboard
- · Petroleum plant or mine shaft facility

#### GTIN CODE
